

Gigaclear Ultrafast Broadband

Deerhurst Walton and Apperley broadband areas

The latest news from Complete Utilities is that the cable-laying should be completed by the end of April.

At the request of the Parish Council, Gigaclear has announced online two, two-hour Question and Answer meetings at Apperley Village Hall on Tuesday, 17 April and Wednesday, 18 April, both starting at 6.30 pm.

The event is announced (with RSVP) at: <https://www.gigaclear.com/our-communities/>, which appears as follows:

County: Gloucestershire	Date: 17th & 18th April	
Community: Deerhurst Walton & Apperley	Time: 6.30pm – 8.30pm	
Venue: Apperley Village Hall	Event Type: Q&A	

We have asked for these Q&A meetings because of the excellent response to our survey and to our previous meeting with Fastershire; and also the interest shown during the network build. Please attend whether you are curious or already intending to use the new network. To avoid either evening being over-subscribed, RSVP using the orange button. Although time is tight, if it is possible to activate the network and to connect the Village Hall before these meetings, we are hoping that Gigaclear will be able to show the network in operation. When connected to the Village Hall, it will be available to us for the foreseeable future.

Please note:

- (1) The original posting on Facebook (28 March) mentions Tirley (in error), not Apperley.
- (2) These dates were announced well after the deadline for the April edition of The Severn-Sider; please use the RSVP instead of contact us to respond.
